1 Purpose of Report and Executive Summary

- 1.1 This report sets out changes to the Political Balance and Committee Seat Allocations and memberships as a result of a recent changes to the membership of a political group.

2 Background

- 2.1 Section 15 of the Local Government and Housing Act 1989 requires Local Authorities to review the allocation of seats on Committees at the annual meeting, or as soon as possible after it. Once the Council has agreed the allocation of Committee places between the political groups the Council must then appoint the nominees of the political groups to the Committees. This was last agreed at Full Council in December 2025 (Appendix I).
- 2.2 Where changes to the membership of political groups take place between elections, the Local Government (Committees and Political Groups) Regulations 1990 require the Council to recalculate the political balance and the allocation of committee seats ‘as soon as practicable’ after notice of changes to groups is delivered to the proper officer.
- 2.3 Due to changes to the Reform UK Group, the political balance has been recalculated as set out in Appendix II.
- 2.4 The following principles apply to the allocation of seats:

- (a) That not all seats on the body to which appointments are being made are allocated to the same political group;
 - (b) That the majority of seats on each Committee is allocated to a particular group if the number of persons belong to that group is a majority of the authority's membership;
 - (c) Subject to (a) and (b), that, when allocating seats to a political group, the total number of their seats across all the ordinary committees of the Council, must reflect their proportion of the authority's membership; and
 - (d) Subject to (a) and (c), that the number of seats on each Committee is as far as possible in proportion to the group's membership of the authority.
- 2.5 There are 119 seats to be allocated under the Committee System. The seat entitlement of each group, on each Committee is thus based on the group's percentage representation on the Council as detailed in Appendix II. Whilst an initial version of this can be calculated mathematically, this usually results in a discrepancy between the strict entitlement of each group and the overall number of Committee seats to be allocated, requiring 'manual' adjustment to ensure that the number seats allocated to each group is fair. This process is known as 'gifting'.
- 2.6 Following the application of the mathematical calculation for proportionality and agreed Committee size, the reduction in the size of the Reform UK group has resulted in a loss of membership on two committees, and a gain on another. Other groups have received corresponding gains to maintain the overall proportionality whilst the Liberal Democrat and Green groups' overall allocation remain unchanged.
- 2.7 Group Leaders or their representatives were provided with the mathematical calculation of the political balance with a working assumption based on previous allocations and then invited to meet and agree on a fair and proportionate approach to seat allocation.
- 2.8 To ensure overall balance, Appendix II sets out the updated political balance and proposed seats for each group as agreed during discussions held with Group Leaders or representatives. Appendix III details the appointments of Members to Committees.
- 2.9 Whilst sub-committees are also governed by the political balance rules, the overall requirement for total places to be balanced only applies to ordinary committees so sub-committee places do not need to be included in the overall calculation, but the membership of sub-committee places should be proportionate as far as is reasonably practical.
- 2.8 The Joint Transportation Board and the Planning and Transportation Policy Working Group are not committees covered by Section 101 of the Local Government Act 1972 and Section 15 of the Local Government Housing Act does not apply. The membership of the Planning and Transportation Policy Working Group was determined by the Policy and Resources Committee at its June 2025 meeting.

3 Proposals

- 3.1 That Council is asked to agree the political balance calculation as set out in Appendix II.
- 3.2 That Council is asked to allocate seats to those Committees and to agree to the appointment of Members to those Committees, in accordance with the wishes of Group Leaders, as set out in Appendix III.

4 Alternative Options

- 4.1 In view of changes to the membership of political groups, there is no lawful alternative to the recalculation of political balance and associated committee seat allocations.

5 Consultation Undertaken or Proposed

- 5.1 All Group Leaders were invited to discuss proposals and have been asked to advise Democratic Services of their nominations to seats on Committees for their respective Groups.
